1. Brief outline on CSR Policy of the Company

TCIL is committed to conduct business in a socially, economically and environmentally responsible and sustainable manner, which enables the creation and distribution of wealth for the betterment of all its stakeholders, internal as well as external, through the implementation and integration of ethical systems and sustainable management practices. For this TCIL had laid a balanced emphasis on all aspects of corporate social responsibility and sustainability with regard to its internal operations, activities and processes, as well as undertake initiatives and projects to facilitate capacity building, empowerment of communities, inclusive socio-economic growth, environment protection, promotion of green and energy efficient technologies, development of backward regions, and upliftment of the marginalized and under-privileged sections of the society.

The term Sustainability has been used in conjunction with CSR in the title of DPE Guidelines because CSR activities, which are envisaged in the Act and in the CSR rules, can be supplemented with sustainability initiatives as both aim at achieving sustainable development goals.
